Two by two the lovers step
Through the crisp still falling evening snow
The cars they cut clean through the night
I hope that they will
I hope they lead me to your door

The music's loud
The party's hot
The people are the kind I'd like to
Sit and talk with a while
I'd love to stay but no she's going
So I drop her off on the way
She'll need her coat it's started to rain
Yeah I drop her off with a smile
I'd love to stay but no one will

Two by two the lovers slip
Through the frozen streets of burmingham
Her complexion says it all
If only she will bring me love as cotton falls

The music's loud
The party's hot
The people are the kind I'd like to
Sit and talk with a while
I'd love to stay but no she's going
So I drop her off on the way
She'll need her coat it's started to rain
Yeah I drop her off with a smile
I'd love to stay but no one will

I wont feel the col
Dnot when I hear the nmusic taking hold
I wont feel the cold
Not when I hear the music taking hold
Of me

The music's loud
The party's hot
The people are the kind I'd like to
Sit and talk with a while
I'd love to stay but no she's going

So I drop her off on the way
She'll need her coat it's started to rain
Yeah I drop her off with a smile
I'd love to stay but no one will
