I've been tired, crucified, yeah
And I keep on believin' it's all right
In my mind I have tried
But I can't go back to kneeling, not this time

We've been dying for too long
You can fight but you're never wrong

How does it feel when the hurt is on
And the blame is worn on you
How does it feel when your pride is torn
Your best years are gone and then used
How does it feel, yeah

I was holdin' on, now I'm leavin', yeah
And there ain't no chance I'm goin' back
Seven years of believing
It could change but now I know she's the reason

Oh, we keep on holdin' on
You can fight but you're never wrong

How does it feel when the hurt is on
And the blame is worn on you
How does it feel when your pride is torn
Your best years are gone and then used
How does it feel

I don't know where I belong
We still fight but you're never wrong
Oh, we've been dying for too long
How does it feel, yeah

How does it feel when the hurt is on
And the blame is worn on you
How does it feel when your pride is torn
Your best years are gone and then used
How does it feel, baby, how does it feel

How does it feel
How does it feel
