Born as a Leo but soft as a lamb
One-quarter Creole with the back of her hand
Washes her hair in the Kryptonite rain
A little invitation could shake up a saint

Lost in space makes you never wanna come back down
But you'll remember where you wanna be now

I go to sleep with one eye open
Hoppin' it's tonight she crosses that line
Think you died this side of heaven
But hell ain't far behind
Shed my skin, thrill me to the bliss
The fun begins, kill me with a kiss

Batten down the hatches Medusa's on the loose
Show me the trap, put my neck in the noose
A delicate flower with a crack in the vase
I lose myself in Jazebel a smile on my face

Take a leap of faith don't be afraid to try it
And you'll feel better said the spider to the fly

I go to sleep with one eye open

Hoppin' it's tonight she crosses that line
Think you died this side of heaven
But hell ain't far behind
Shed my skin, thrill me to the bliss
The fun begins, kill me with a

She's a real live pedestal beauty
And my unpredictable cross to bear
Death defying savoir faire

I go to sleep with one eye open
Hoppin' it's tonight she crosses that line
Think you died this side of heaven
But hell ain't far behind
Shed my skin, thrill me to the bliss
The fun begins, kill me with a kiss

Shootin' from the hip, cut me to the quick
Bite my lip, kill me with a kiss

Kill me with a
I got my freak on like it's triple X rated
A dose of mojo like it's something contagious
A velvet hammer poison with a twist
Straight jacket lover kill me with a kiss
