I've been sucked in, how much do you think
I'll get away with?
Push me and pull me, baby's out with the bath
I don't know who to stay with

There's nothing more that I can do
Worms in a can, just me and you
Can't turn away burning bridges today
It's a crime, it's a shame, nobody left to blame
Nobody left to blame, nobody

Eat my cake, I don't care what's at stake
I'm swinging like Tarzan
I can't sleep, shadows run deep
My right's caught in my left hand

There's nothing more that I can do
Worms in a can, just me and you
Can't turn away burning bridges today
It's a crime, it's a shame, nobody left to blame

I've come undone, stuck under the gun
You know the truth is demanding
Bark at the moon, the end comes too soon
There's only one man standing

I don't care, I don't know

There's nothing more that I can do
Call it a day just passing through
Shaken the sound, lost on the ground
It's a crime, it's a shame, nobody left to blame
Nobody, nobody, nobody left to blame

I've been sucked in
Have to get away
Nobody
