Guess what baby  
The things we say  
came true today  
Coz we listened to our hearts  
No one but you will ever do  
Our search is through  
But our journey's just beginning  
Nothing but love can last forever  
Nothing but love will start  
To mend the place inside your heart  
That needed healing  
Nothing but love can last forever  
Nothing but love will start  
To make your head spin round and round  
You know you're feeling love  
Nothing but love  
Nothing but love  
Can't read your mind  
Lord knows I'm tryin'  
But in your eyes  
I see everything I need to know  
Nothing to do but follow through  
My aim is true I could never ask for any more  
And if you walk away  
You know that I will follow  
To steal back your broken heart  
At least until tomorrow  
Because whatever comes today  
Beside you I can't hide you're the one  
Nothing but love can last forever  
Nothing but love will start  
To mend the place inside your heart  
That needed healing  
Nothing but love can last forever  
Nothing but love will start  
To make your head spin round and round  
You know you're feeling  
Nothing but love could hold our world together  
Nothing but love can start  
To let us hear the sounds above  
that have been screaming love  
Nothing but love
