[whats up this is Aesop Rock for wkcr]

I traded my title as bent pedestrian for passenger
status to coast muted
Finding the night train mildly therapeutic
Rugged hacker flashing mood full of swings
Beneath this puppet master pulling my strings
Leaking smoke rings singing [your despite what
measured honestly
magnificent]
Syndicate sold to children building homes for my
omnipotent platoons
Nah I don't think the blueprints drafted tilted in the
tombs
Tampering hampered scampered well beyond the
dooms
We bloomed? the matter down to those most
beautifully discrete
Applying yesterdays models stand obsolete amongst
colossals [amongst
colossals]
Comply not to enforce us aborted claiming they came
off
Sort of stabbed them with the capital 'A' that sets my
name off
Sick of it all
Sick of the stalls
Sick of the thick brick in the wall sob stories the falls the
tragic hate
calls
Shaking like magic eight balls pausing to watch the
vapors crawl

My clique heeds lessons I'll be noted from kids sisters
paper dolls
We lining up along against these great walls
Circling analytical

Rhetorical inquiries yet x is not applicable kid
(Your flash minor we as orphans repeated)?
You talk the concrete examples with glass bottoms
cause defeated kid I'm
heated
Its flight of the intruder and we all fall down
Conditions of never blends science with religion
Cut my character cleansed in esoteric opulence
But finding no intrinsic merit in your sense
Well isn't that bewildering
Drunken distortion and spit the filter in
Mic sweltering measures like melting my rings together
an you never
Seen I Aesop Rock flop for the love of eighty-nine point
nine
I'm here to ride upon the night train
