Cook it up
spooky, Salute, look
bazooka hook it up
Shoot the local when he coop the loop
Lowbrow low brim
She asked me: What's your name?
I flashed the grossest fang in show biz
Young falconry's open, what's yours?
Umm jenny um
Body block in the ten penny sum
sprung colossal Ms. may I process your Pentium
But they is hesitating, My princess: The pigeon holing
Rose at your predecessor's lunacy in the kismet
Her eyes Googled back as that in form unfortunate
three
Plus a new kink in the posture
Just don't get all 'Binuclear'
Get PT Barnum then Three-D THX Sound Stereo
Dismissal
Sorry Hun it's just the last few been a fist full
Like, like, like them girls you bump into out of dumb
luck
Get high, innocently kiss once when she Punch Drunk
Watch her misinterpret the moment tongues touched
Crazy Mc-Cling a lot claim instant ONE LOVE
Then you got to beg your friends to
Take her off your hands like thumb cuffs
What a bar angel Bi for a Sexy Second, Lovely
Give her a month and Hide Heckles Jackal
And she makes Hitler look cuddly
But jenny in the sky with emerald eyes
You're so different, so delicious, sort of fish
I'd be willing to walk the limb with
So let's just get a few things out the way: (ok)
I'm clinically bonkers and
Hate just about everyone that god's green earth offers

I won't be getting dressed up to impress your family
dear,
And if I can't wear jeans and sneakers then
I won't be lamping there
Nope
Agro pimp simply finicky note faggot bag it up no
diggity soldier
Magic touch finger tip donor
Own up to your dirty debutant
Animalistic instincts ritual courting dance and breeding
behaviors (like what)
I dream of Jeanie, and fucking her obscenely
But Jenny could be Jeannie so easily if you'd let me
Held a bad tack Daddy-O-Merlyn E for Effort
Most of these high post Fabio world mother fucks make
my head hurt
DEAD UP I got death in the skull but you'll get use to it
ma'
dinner and cinema YES! JustÃfÂçâ, -Ã,Â! cough the
bread up
