(feat. Camp Lo)

[Aesop Rock:]

Pain cave uno

Smokin' a broken Blue Note

Tar pit escape artist carcass, linger in the blue doze

Rose radio Lazarus via linear bark screaming

"I'm back to kill the video star and I'm double parked"

[Sonny Cheeba:]

You can kite this or yet maybe baby you won't

Corvette, green Mercedes, steady one hundred four

When I'm stuntin', simply stunnin', funkin' with twenty
monkeys

They can be like "I'm talkin' about WE"

Slap that orangutan, drop her on her knees

Please be very cautious, the funkin' makes me
nauseous

Hate the Bogota, the target it ain't off it's...right here

And the volume's on three

[Geechi Suede:]

See, we keep the black plastic stuck in the elastics

Even Chevy's heavy hallows lift you higher, legend has
it

White crows crossing broken bridges

double deucey clickin' but the round never runnin' out

Pounds of your blood just comin' out

[Chorus:]

We Limelighters

Up until the uglier unplug me

We limelighters

Kill it now, fade to black comfortably

Spark the dynamite till the limelight's gone

As far as I can see the limelight stays on

And on and on and on

The limelight stays on and on and on

The limelight stays on and on and on

The limelight

So we got something built if we all die tonight

[Sonny Cheeba:]

She piss champagne and shit caviar
Don't watch the stars, the stars ain't fallin
Any sight of glimmer...Lo
Shimmering king, spring, they're tremb-ling

[Aesop Rock:]

OK, the web (web) spread (spread) from Brooklynites to
born in barn kittens
Who's gimpy half step hid behind Noah's Arc systems
Inconspicuously clustered with the boas, sharks and
pigeons
Like Zoo York won't clock them rusted crutches up
mopping the ship deck
Texas hold 'em pocket ace investment
Totem altimeter tiki torch it
Freak abort, fold or hold a cold cell in peak
enforcement fortress
That's a sheep corpse who under penumbra turned tail
like a sea horse

[Geechi Suede:]

We got that...permanent ink, that's stainin' the paper
Murderer's drink steamin' my soul, I'm breathing green
vapors
We them last of them falcons that's soarin' beyond
your altitude
Please show us some gratitude, we're carvin' your
grave for you

[Chorus]

[Aesop Rock:]

16 D batteries (back it up)
See the halflings flee the Shire before he tore open the
packaging
Plus, minus, in proper Panasonic alignment
Pseudo Pliskins O.D. on kick drums
Snake, escape THAT environment

[Geechi Suede:]

Wave that colt .44
Bolts of lightning with Travolta grease
Strip your skeleton, it's swelterin' inside Miami Heat
Your fishnet and red vette are sizzling
Shoot through chocolate city
Wonder Woman went whistling
Freeze, presidential sleaze with Egyptian cuts
Valentine Ave., Jack Daniels out of them plastic cups
Winter white pinstripe lookin' Hugo
Poison Ivy out the windpipe blowin' the crucial

[Sonny Cheeba:]
First they line up
We'll divide them
SUEDE get the roscoe, then design 'em
AESOP Rock box, drop the hot rod getaway car
And head up the rock highway

[Chorus]
