Time for gathering blinded we were led astray behold
as the truth of might returns beware of the barriers
they are weak manipulation open your eyes and see
your failure the eternity has no throne for you the
whirlwinds of my destiny blackened might you carved
lies into minds you pretended to be a god now the lies
shall die with you i will show you the face of a god the
wary lust for torture roars inside of me now you will die
feel the blade of fire the whirlwinds of your destiny as
it cuts your mortal soul find strength in unity fragile
souls yet blessed by eternity the lords and queens of
darkness there is none above and none beneath you
are the gods and glorified immortality
