"Down To Ride"
(Mr. Criminal)

That's right ese, aint never gonna stop it homie
Hood Affiliated Part 2
Yea, It's a beautiful day right now.

I wake up in the morning ese stretchin my arms
Slip on the Dodger watch wit the matching new charm
Hit the front door on my hips stay heavily armed
Grab the keys off the table disable the alarm
Then I'm off to my day bouncing flossin the paint
Chrome trim on the chevy dog I'm doing my thang
Hit the stop light blowing out a cloud of some dank
Bumpin Hood Affiliated
Ese harder the take stedy rising an race
I'm a bonafied hustle wit my mind on my paper
Ever since I was youngsta and I never lost my hunger
I stay dedicated
Tell me how I really care wit all the bread I'm making
Catch me boucin rock skatin
While these fool forever hatin
Silver Lake and never fake Ese Hood Affiliated

When I'm cruzin in my Low low I am smoking funny
stuff
See the cops around the corner but I still don't give a
fuck
Every day I use to ride wit a girl just by my side
This is South side California
This the place where I wont die.

Yea, They probably try but they never will
Look at all the shit I had to do just to make it up the hill
I got a fetish just to chasing scrill
A contrast from me breakin laws to me making dollar
bills
I use to sit and wonder how it feels
Till I got up off my ass hustle just to pay the bills
Now I got chevy on some daten wheels
It pays off working hard staying focused almost

staying real
And I got homies on my side wit me
That's down to ride wit me
Work way past 9 to 5 wit me
They stay ready dog like 24/7 but if I swing and miss
They wont hesitate to step in bombing on these pesents
If they wanted it's just another year ballin ese pass me
the chronic

When I'm cruzin in my Low low I am smoking funny
stuff
See the cops around the corner but I still don't give a
fuck
Everyday I use to ride wit a girl just by my side
This is South side California
This the place where I wont die.
