[Chorus: Fingazz]

I need a little mami, to call me papi
Need a girl that's freaky, enough to rock me
Let me see you drop it, mami
Show me how you rock it, mami
Hop it like a 6 3 Chevy
That's how you rock it, mami
Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock
Rock,rock,rock, rock it

[Verse 1: Mr. Criminal]

First off, girl, let me see you bounce with it
Like a six-three, drop and hit the ground with it
Let me see you, girl, drop it, don't stop it
Tonight, I need a freak, so that is the topic
It's Criminal with Joey Crack, I know you see that
We got the heat that's guaranteed to make you Lean
Back
I Make It Rain on them
L.A. to New York
Hi Power, Terror Squad, dropping game on them
It's getting hot
The club is getting packed now
Enough alcohol for everyone to act loud
Let me see you, girl, get it, don't stop
Pop it like a glock, baby, drop it like it's hot
Look, baby, watch me start this trend
I got a little dance for you, girl, you and your friend
I need a freak, like everyday of the week
You wanna know how to do it, listen now to the beat

[Chorus: Fingazz]

I need a little mami, to call me papi
Need a girl that's freaky, enough to rock me
Let me see you drop it, mami
Show me how you rock it, mami
Hop it like a 6 3 Chevy
That's how you rock it, mami

Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock
Rock,rock,rock, rock it

[Verse 2: Fat Joe]

Damn girl, with that so fat
Make it bounce like an acrobat
From the window, to the wall
She made it drop like a mean six-four
And your boy's sick, bro
L.A., where they taking the wall
She loves me, I figure
She said, "Joe Crack's that nigga"
Back shots to make her hit high notes
Cubano, Mexicano
And this how the story goes
And you know, Joe Crack don't love these hoes

[Chorus: Fingazz]

I need a little mami, to call me papi
Need a girl that's freaky, enough to rock me
Let me see you drop it, mami
Show me how you rock it, mami
Hop it like a 6 3 Chevy
That's how you rock it, mami
Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock
Rock,rock,rock, rock it

[Verse 3: Mr. Criminal]

So tell me, baby girl, what you think
Like T-Pain, can I buy you A drank
Need a little lady, little something like a freak
Drop it on the dance floor, drop it as we speak
I heard a phone when I knew it wasn't my phone
And so, she made her body move like a cyclone
All in my zone, she made it drop
Showing everybody how she could make it rock
So I'm backing up
To let the little freak do her thang
Watching everybody watch her back it up
And now with Fi, Fi, Fingazz on the track
All the ladies on the dance floor, baby bring it back

[Bridge: Fingazz]

When you shake, shake, shake it like that
Make me, wanna break, break, break a whole stack

And rain on ya
I can Make It Rain if you can rock it

[Chorus: Fingazz]

I need a little mami, to call me papi
Need a girl that's freaky, enough to rock me
Let me see you drop it, mami
Show me how you rock it, mami
Hop it like a 6 3 Chevy
That's how you rock it, mami
Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock it
Let me see you drop it and rock
Rock,rock,rock, rock it

[Outro]

That's right, Mr. Criminal, Fat Joe
Drop it and rock it
Rock power, Hi Power
Uh, yeah
Rock it
