This track goes out to any one who has a dream
mr criminal had a dream
But it seems like no matter what something would
always get in the way
You really want something in life you work hard to get it
you know no matter
What any one would say, you overcome you're
obstacles blood sweat tears... look at me now,
It was all a dream I used to read lowrider magazines
Lighter shade and cypress hill up on the tv screen
hanging posters on
My wall I never used to rap til I got trapped in isolation
juvenile hall
Right their up in my cell I felt this gift that was givin'
determined to make away
From nothing and keep myself out of prison so that's
what I did I started writing
Down my feelings on paper about the way that I lived
growing up in the varrio
The things that I seen all the gangsters, killers,
prostitutes, dope dealers and fiends
All the robberies in progress 2 11's and 187's homies
passing away taking trips up
To heaven so dear lord if you hear me please bless me
tonight I know I'm brown but don't
Let the cops arrest me tonight recorded down on
karaoke machines no education no degree
But still I follow my dreams
Look at me now and I know the haters hate it oh shit
criminal
Made it and they just can't fake me... look at me now
life's head is up
And down smiles and frowns but still I represent for the
brown
Now I roll low but I seem to get through if they only
knew all the shit
I've been through look at me now coming up and as
hard as it seems
All I did was stay dedicated and follow my dreams
2001 I was out free cases dismissed no provation no
parole I serve my death to the priest
Now the only thing that's on my mind was stacking my

green keep riding dropping flows and
I'll be coming up quick so trip the homie chava started
coming around bumping the brown pollo
Come from odm from the brown and he told told me
one of the tracks about some vato he knew
He used to party all around and take a dust with him
too so I figured shit that's my oportunity thier
Next time you hear he's coming around just hit me up
and I'm their you gotta open up the door on oportunity
night straight to deal with hi power started my rhymes
from the top in the studio writing
Lyrics dropping tracks round the clock ten months later
my shit was shots bumping on blocks
Another word my dreams started to come true and my
lyrics were few for all the things I've been
Through.
Look at me now and I know the haters hate it oh shit
criminal
Made it and they just can't fake me... look at me now
life's head is up
And down smiles and frowns but still I represent for the
brown
Now I roll low but I seem to get through if they only
knew all the shit
I've been through look at me now coming up and as
hard as it seems
All I did was stay dedicated and follow my dreams
Now all my hi-power soldiers doing shows 'round the
globe collecting change and making money off the
lyrics I wrote stories I told drama that I had to unfold
now satisfy with my piece so I started making my own
shit my attitude I want it all or it's nothing get clapped
bass leased never precaution
Because I'm coming up in anyway that I can doinging
shows in cali denver and in parts of japan on stage with
the crowd going crazy people screaming got away
from the hands side 2 side and I mean it when I say it
one day I'm gonna take it to the top and when it gets all
eyes on me is for my destiny to try as long as mr
criminal's on it he can never be on fire I keep m stilo on
point fuck the remedy you got I'm just trying to be
succesful let these lyrics be heard represent it for my
raza homie watch it observe
Look at me now and I know the haters hate it oh shit
criminal
Made it and they just can't fake me... look at me now
life's head is up
And down smiles and frowns but still I represent for the
brown
Now I roll low but I seem to get through if they only
knew all the shit

I've been through look at me now coming up and as
hard as it seems
All I did was stay dedicated and follow my dreams
