Tell me what you  
I'll be whatever you  
I'll be your lover  
You're the drug up in my head  
You're the ghost up in my bed  
There's no other

Tell me what you  
I'll do whatever you  
Until no other  
You're the song stuck in my head  
You're the ghost here in my bed  
There's no other

[Chorus]

Let me take you there  
Cross the floor, I'd rather stare  
No other, like your loving  
Keep you up all night  
Let me keep you up all night  
No other, like your loving

[Verse 2]

Underneath your skin  
Is where our story must begin  
Here under the cupboard  
Inter synchronised  
Looking for the signal in your eyes  
Now we are lovers

Tell me what you want  
Tell me that's exactly what I want  
To be your lover  
You're the drug here in my vein  
Make a brother go insane  
There's no other

[Chorus]

Let me take you there  
Cross the floor, IÂ'd rather stare  
No other, like your loving  
Keep you up all night  
Let me keep you up all night  
No other, like your loving

[Breakdown - repeat]

When you need a hand  
IÂ'll understand

[Blend into chorus and fade out]
