I turn up the trouble till it gets real loud
I feel so much better that way alright yeah
Gonna mess with your mind
Cause I know that I can
Gonna see how much that I can *uck with today yeah

Gonna stir up the shit like it just won't quit
Well fucking get used to my rubbing your nose in it
Step a little closer
Close to my fire
Trouble's my drug
Takes me higher and higher

I turn up the music
Light up the crowd
Turn up the bass cause it can't be too loud
It's a fucking religion and I'll show you the way
Drop to your knees and joy when I say

MISTER KENNEDY
KENNEDY

What were you thinking
Taking me on
Better men have fallen before
Now it's your turn
History teaches and I wrote the book
About how to show assholes to the door

Gonna stir up the shit like it just won't quit
Well fucking get used to my rubbing your nose in it
Step a little closer
Close to my fire
Trouble's my drug
Takes me higher and higher

I turn up the music
Light up the crowd
Turn up the bass cause it can't be too loud
It's a fucking religion and I'll show you the way
Drop to your knees and join in when I say

MISTER KENNEDY
