My vagabond girl
She likes to dig through trash
She reminds me of my dear Nana
I'm afraid, I'm afraid that it turns me on
(Chorus:)
So tired and hungry
So old and dirty
Let me take you home
I can give you a bath
And show you a good time guaranteed
True love is hard to find
That's why I fell for my
Baglady, baglady

My vagabond girl
She likes to strut her stuff
Walkin' through alleys
Diggin' for Chinese
I'm afraid that it turns me on
(Chorus)
True love is hard to find
That's why I fell for my
Baglady, baglady, baglady, baglady
See her, feel her, touch her, smell her
See her, feel her, touch her, smell her
Oh yeah
Oh yeah
