Woo momma, right on, right on
Yeah, yeah, yeah, yeah, yeah, woo
I can hear you callin' momma
But I don't wanna come home right now
You fill my head with wisdom
You fill my heart with love and how
(Chorus:)
Safety starts with you and me
Don't wash your face in kerosene
Learn to stop and drop and roll
Don't you worry pretty momma when your daddy's in
control
Yeah control, control, yeah control

Momma taught me right from wrong
I'm always playing safe and sane
She keeps her matches out of reach, yeah
I can still hear momma sayin'
(Chorus)
Drive my car with no lights on baby
Gonna pick you up cause I feel so strong
Come over here pretty momma slide next to me
Gonna fly down the street with the pedal to the floor

(Chorus)
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
