[Intro]

Ladies and gentlemen

You are now rocking with

[Verse 1]

First of All hi-ay-ay haters

Still talking shit but aint doing major-jor-jor

Aint doing nothing greater-ter-ter; still hustling for
paper-per-per

And the haters keep coming

Don't know what they doing but they keep on fronting

I don't give a WHAT man it really aint nothing

All the haters in my life it must mean something...

That's why I go hard, minute after minute dedicated to
the job

Hustling aint a problem I do it on the large

And all the haters in my life keep it on the far

[Chorus Â– D Love]

Oh I'm glad to have my haters

Just look at me my haters

Oh I'm glad to have my baby

She got me my baby

I don't really care what the people say

I'm ma' keep going till they fad away

Cause she change my life-life-life, forever-ver-ver

Cause they hating on me ah-ah-ah (X4)

[Verse 2]

That sexy lady she's my ride or die

Keep her real close homie always by my side

Till the end that we ride, we ride we ri- ah- ah (car
engine Noise)

Can't leave her alone, fake as haters always on the
phone

Don't know I be the one at home, giving her what she
needs when she's all alone

My loving real good, it's what she needs

Man night after night, tryna make her cream

See my love is priceless and my heart is free

So I'll open up the door and give you the key
Do you think about me, when I think about you
Do you reminisce about the times when I called you
All the pain and the strife my life put me through
So I could have a life with just me and you BABY GIRL
HERE WE GO! LET'S GO!

[Chorus - D Love]

Oh I'm glad to have my haters
Just look at me my haters
Oh I'm glad to have my baby
She got me my baby
I don't really care what the people say
Imma keep going till they fad away
Cause she change my life-life-life, forever-ver-ver
Cause they hating on me ah-ah-ah (x4)
