Only 2 1/2 years but a lifetime of memories
The moment I heard you were gone I broke down
crying on my knees saying Lord please
Take me instead cuz I feel like I'm already dead
My methods ahuevo de smoke that's why the future will
roll in his head
Man getting a little choked up just rubbing about it
Los hombres no lloran for shit homeboy quit rubbing
about it
I reminice about back in the day we use to play before
we lift weights
But I also remember the scuffles we had in pulling the
plane this way
Hearing you say to this day "Hey perro come over so
we can lift weights"
And getting a hyna and getting first dates
And I embrace finally grasping hard to reality cuz I hate
living a fantasy
Realizing that not really here I said to myself that it
cannot be
It cannot be that you're not really here
It cannot be it cannot be that you're not really here
It cannot be it cannot be that you're not really here
It cannot be it cannot be that you're not really here
You're not really here

[Chorus: x2]

I reminice about back in the days carnal
We use to kick it in the playground and lift weights
carnal
I wonder why you had to leave my side
Your memories on my mind everyday and every night
All of the time

You're probably wondering why I didn't show up to the
funeral
I bet it was beautiful carnal did it hurt just to look at you
Laying there in the coffin on your back just in black cuz
I couldn't understand the fact
That you had to pass and couldn't get a chance
To live a holy life
Always did something right our couple of days were

tight
Thanks for everything expressing my gratitude with
tears trickling
Down my face cuz I went out with praise is this a bunch
of no maze?
But in the end of my days thinking of ways
I'd rather get by or leave myself a place so I must get
high
Why is it so many questions to solve?
Not enough answers so it's easy to call I don't worry it
all
I'll be your help when I fall when I feel pretty sure with
your pictures on my wall
Now I lay me down to sleep dream my soul for the Lord
to keep
And if you ever see me sleep anything close to a week
Now I want to let you know that I truly rest in peace

Yeah was sup. This song is dedicated to my homie
Gabriel
who passed away on Mother's Day. And is dedicated to
his familia
and everyone who's lost someone out there. Rest in
Peace. I know
you're looking down on me homie. And I know it. Rest in
peace.
Gracias Por everything homie. I'll miss you. Al rato

[Chorus]

It's hard homie putting these words in a song cuz now
you're gone
And I'm all alone suicidal thoughts just rolling through
my dome
I'm sorry ese if it seems like my voice is getting eerie
But every night I think about that day I get a little teary
Si supieras lo que hicistes dejastes a tus padres bien
triste no es un chiste
Es algo serio caiste al cementerio
De los 17 a?os nomas por un pa?o
Y el varrio que queries tanto como les canto
Esta historia sin estar llorando?
Cuando ando solo en mi carro me acuerdo en esos
tiempos desmadrosos
Dos mocosos jugandole los pozos
De las calles we were whooped we went out to the
valles
Looking for enemigas listos para ser desmadres was
an everyday thing
And until that night when I heard the phone ring at
about 2:00 in the morning

My jefita gave me the bad news and my tears just
started pouring, pouring

This is for all my homies that passed away. Descansa
en paz.
