Yeah, this song right here  
Is dedicated to my lost love  
It took me along time, to gather my thoughts  
And tell you how I feel  
But all I can say is...I love you...and I miss you

[Verse 1]

You were just a friend of me  
Love they way you brought out the best of me  
We drove another, talked about it, we were meant to be  
Baby do you feel the same just don't feel ashamed  
I know, I found the cold and lonely you'll erase my pain  
I understand you already got a man  
Gotta tell you how I feel in case my life comes to an  
end  
But I'm still here for you, real for you  
I think that I would pack the steel for you, kill for you  
Your all I need, so if you really wanna try  
Follow your feelings they don't lie  
Now dry your eyes and please don't cry  
Our friendship won't be jeopardized  
Would you do the same for me  
Take the blame for me  
Baby girl you know that I will never change for me  
You know I tell you what I'm made of, tell you straight  
up  
What my feelings for you are really made of

[Chorus]

Me and you...we were meant to be  
Together...Together...for all eternity  
Me and you...we were meant to be  
Together...Together...for all eternity

[Verse 2]

So baby tell me what you think  
Yeah, I know...that you need some time to think  
And did I catch you by surprise  
I think I need to tell you how I feel inside  
But baby just remember this  
We gave each other our very first kiss  
We learned about "the birds and the bees" together

Made a promise to be friends forever  
And I don't want all that to change  
And that you know how just I feel  
I just don't want things to get strange  
Cause I am here for you, real for ya  
You know that I'll still shed a tear for ya, real for ya  
Your all I need, so if you really wanna try  
Follow your feelings they don't lie  
Now dry your eyes and please don't cry  
Our friendship won't be jeopardized

[Chorus]

[Mr. Sancho speaking]  
This songs dedicated...to you Diana  
I lost you a couple of years ago  
And I never got a chance to tell you how I feel  
So I made this song for you  
And I want you to know  
That I love you...and I'll always miss you

[Chorus]
