Chalk-lit Pain

Some will die and others feel no pain

Chalk-lit Pain

A baby boar will fly before the sane

Chalk-lit Pain

The toolbox says it can be here again

Chalk-lit Pain

The persons make you wonder what it is

Chalk-lit Pain

Guilds are tainted you should let them dry

Chalk-lit Pain

Zoom the glasses out and eat some pie

Chalk-lit Pain

Four casts after falling off a cliff

Chalk-lit Pain

Only do your casts know what it is

Chalk-lit Pain

Reigns your neigh-boar-hood on pony-face

Chalk-lit Pain

Makes it angry no-one won't forget

Chalk-lit Pain

Made me scratch my feet the other day

Chalk-lit Pain

Made you burn your hand in it's rage

Chalk-lit Pain

I can't think of anything to say

Chalk-lit Pain

Just remember I'm not Tay Zonday
