Hold on little girl
show me what he said to you
stand up little girl
a broken heart can't be that bad
when it's through it's through
fate will twist the both of you
so come on baby come on over
let me be the one to show you

Ref.

I'm the one who wants to be with you
deep inside i hope you feel it too
waited on a line of wings and blues
just to be the next to be with you

Build up your confidence
so you can be on top for once
wake up who cares about
little boy that talks to much
I've seen it all
go down, yor game of love was a rinned out
So come on baby, come on over
let me be the one to hold you

Ref.

Why be alone
when we can be together baby
you can make my life would wild
i can make you start to smile

when it's trew it's threw
a fake will twist the both of you
so come on baby come on over
let me be the one to show you

Ref [x2]

just to be the next to be with you...
