20 long years ridin' somebody's coattails  
Watching the vermin go by thru a heavy coat  
Of chain mail  
So ya wanna change the world but ya still  
Can't decide  
They can take away the cash but a fool's  
Got his pride  
Everyone must kneel before the man  
The leader of the band  
Trapped in toyland  
20 odd years since you heard "Revolution"  
Feeding your fears with psychological pollution  
Everybody in the wold tryin' to take you  
For a ride  
So you get behind the wheel just to realize  
You're blind  
Sycophants associates n' press men  
Read the upper hand  
Trapped in toyland  
Well it seems like years since anybody  
Knew your name

And you're drownin' in your tears but it's

All just the same

And it seems such a waste for a man with such pride

But it's obvious reality is eatin' at your insides

Sycophants associates n'press men

Read the upper hand

Everyone must kneel before the man

The leader of the band

Trapped in toyland
