(Chorus)

I know my life will never be the same, & I haven't giving
you a name but

Even though I haven't met you I will be thier for u

(Verse 1)

I still remeber when your life was a dream when I would
sit up every night

Night & pray to god he would bring just a tiny piece of
heaven back into my

Life another reason just to smile another chance to feel
alive, to wake up

& to know I have a reason to live & not complain about
the struggles or

Regret what I did but to move foward always keep my
head up & look above

Thiers no reason to cry he muchos menos to give up so
you know my heart

Smile when the line came up I told ur daddy right away
& his face light up

We couldnt wait to let thee whole wide world know your
coming a little boy

Would be so cute a little girl would be stunning

(Chorus)

I know my life will never be the same, & I haven't giving
you a name but

Even though I haven't met you I will be thier for u your
everything I never

Knew I would want your still inside but I can feel the
bond but even though

I haven't met you I will be thier for u

(Verse 2)

I always write about you so I wouldn't forget, n counted
days until I found

Out if you were really thier, I made sure I never took
anything that I

Shouldn't and even held back the tears when you knew
I was hurting I just

Didn't want you to have to fell my heart ache having
you inside and arguing

Make no sense so I'm tryna take it easy and I get to
upset when ur daddy

Makes me mad I try to quickly forget I day dreamed
about you and now I'm
Writing this song I just wanna let you know ahead of
time so when I'm gone
You'll remember that I loved you no matter the time way
before I even knew I
Had you inside "My Baby"
(Chorus)
I know my life will never be the same, & I haven't giving
you a name but
Even though I haven't met you I will be there for u your
everything I never
Knew I would want you still inside but I can feel the
bond but even though
I haven't met you I will be there for u I'll be there
everytime you need a
Hand I'm your mother I'm ur teacher I'm your friend
there's nothing in this
World I wouldn't do oh I'll be there for you
(Verse 3)
I can't wait to set my eyes on you cutie as well, Imagine
if you look like
Your daddy I gotta prepare for all the girls and all the
problems but I'll
Always be there if your a little girl you will have 2 sisters
who care,
You're the apple of my eye & I haven't even met you but I
fell you already you
Know your something special just a couple more months
till I have you around
Familia = love and that is just what I found I love you!
(Chorus)
I know my life will never be the same, & I haven't giving
you a name but
Even though I haven't met you I will be there for u your
everything I never
Knew I would want you still inside but I can feel the
bond but even though
I haven't met you I will be there for u
