You know that I love you, your my baby angels,
Always thinking of you, your my baby angels,
Put no one above you, your my baby angels, give you
all my world
Won't stop loving you, loving you, loving you

I was blessed to have you
Come in to mi vida
Now I can't imagine life without you, I couldn't breathe
without you, your the one to keep me going keep my
heart beating keep me looking up appreciate what I've
been giving, laying down and I looking at your little
faces I don't
Have to wonder I know this is where my place is, gotta
a lot of love to give but it's all yours writing you a
million songs so you will know juss how much you mean
to me no matter what, if your good or bad, and when
your happy or sad. Listen my baby angels, mis angeles
del cielo las quiero con mi vida y mis palabras les
entrego, lagrimas que salen de mis ojos mientras
canto, es para que no olviden su mama las quiere
tanto, si algun dia yo les llego a faltar quiero que
sepan, perdonen por los gritos, los reganos y tristesaz.

You know that I love you, your my baby angels,
Always thinking of you, your my baby angels, Put no
one above you, your my baby angels, give you all my
world
Won't stop loving you, loving you, loving you

Siempre yo quise darles todo lo que yo pude buscando
un buen futuro me fui y no fue por costumbre recuerdo
mi salida sus tristes caritas alsando ss brasitos y
vacias sus manitas "Mama donde vas porque nos
quieres dejar solas a caso no nos quieres ya? " la
verdad es que las amo mas

You know that I love you, your my baby angels,
Always thinking of you, your my baby angels, Put no
one above you, your my baby angels, give you all my
world
Won't stop loving you, loving you, loving you
