No matter how fucked up the situations really gotten  
See I've always been around to pick you up from where  
youve fallen  
Tu triste y yo mas pues our relationship is a sick one  
Enfermos los dos from all the coca that weve sniffed  
up  
En serio u say u love me con toda tu vida  
Simon I feel the same ur right below la cocaina  
Kicking back at the pad all we do is fuck & fight  
U need me, I need you like a frajo needs a light  
Metidos en desmadre todo esta pinche jale  
We wanna work things out but then again tambien nos  
vale  
Baby don't u leave me cause lma one of a kind  
With white smoke en tu cara Let me blow ur mind

BABY don't LEAVE ME  
I KNOW U don't LOVE ME ANYMORE  
BABY don't LEAVE ME  
I CAN TELL BY THE WAY U SHOW ME TO THE DOOR  
(chorus x2)

I remember when we used to give a fuck now we are a  
habit  
Love don't live here anymore but I don't give a fuck  
about it  
We sick and twisted, locos, lovers, enemies and  
friends  
Quick to stab me in the back y te lo algo a ti tambien  
Straight demente y tu mi wicked psycho cholo  
delincuente  
Igualita que tu mijo por eso yo no me aguito  
Estamos hechos de la misma ya podrida madera  
Y no chingaderas por eso es que aguantamos las  
loqueras  
It's the life I live and even though I hate you dearly  
Without you I'd be gone to the nada a lot more quickly  
So I hold you to my heart & get lost up in the fog  
We both fucked up in the head But we'll keep calling it  
love!

(Chorus)
