Yo im tha same little girl that grew up next door 2 u
Went thru, all da things a teenage girl goes thru
Hangin out all nite, breakin my curfew
When ma daddy hit da door I gave my mumma da
blues
Use 2 spend my time blazin lazin days away
Thought i was grown, left home at 15 didnt wana obey
Had 2 get my act together couldn't take da heat
And now im makin beats 4 da streets

Im just Ms Dy-na-mi-tee
I stay blowin up ur stereo
(Im just Ms Dy-na-mi-tee)
Everybody gotta hear me u
Hear me bussin on da radio
Now feel ma flow u get me tho
(Im Ms Dy-na-mi-tee)
C me bouncin in da video
And i cum 2 rock da show
(Im Ms Dy-na-mi-tee)
Everybody loose control
Let my vibe touch ur soul

I remember all da house parties dat took place
Bein in ma bed upstairs n we could still feel da bass
And my cousins and ma brothers we'd sit up all nite
Listenin 2 ma family vibin 2 da, mornin light
Remember my first years of skool i was so innocent
I just wanted 2 learn, i neva been so content
But da more dat i learned i found a guidin light
That showed me da need 2 fight
And be....

Ms Dy-na-mi-tee
I stay blowin up ur stereo
(Im just Ms Dy-na-mi-tee)
Everybody gotta hear me u
Hear me bussin on da radio
Now feel ma flow u get me tho
(Im Ms Dy-na-mi-tee)
C me bouncin in da video

And i cum 2 rock da show
(Im Ms Dy-na-mi-tee)
Everybody loose control
Let my vibe touch ur soul

At 13 i thought dat I was in love wid dis guy
Anytime i caught his eye, i thought dat i'd just die
Remember playin class clown I was a disrupted fool
And da beatin dat I got 1st time suspended from skool
Remember Sunday skool and afta had 2 go 2
gramma's 4 lunch
Macaroni, rice n peas, chicken and pinapple punch
Never had much mah mum brother sister and me
But love was enough 2 succeed
2 grow....

Dy-na-mi-tee
I stay blowin up ur stereo
(Im just Ms Dy-na-mi-tee)
Everybody gotta hear me u
Hear me bussin on da radio
Now feel ma flow u get me tho
(Im Ms Dy-na-mi-tee)
C me bouncin in da video
And i cum 2 rock da show
(Im Ms Dy-na-mi-tee)
Everybody loose control
Let my vibe touch ur soul
