Chorus

When two people fall in love (when two people fall in love)

Sometimes love just aint enough (sometimes love just aint enough)

[Verse1]ms krazie

It started off with trust and I tried to keep it that way

You were so damn fine couldnt see anything happening

From the first time I laid my eyes on you

I gave you everything I had

But it just wasn't you

Slowly you started changing everything you did

And I knew something was up

But I just didn't wanna see it

I started sleeping alone

That was the first sign

Someone had your heart and I was just wasting your time

But according to you everything was ok

I didn't have nothing to worry about is what you said

But then I really did

You see I found a number

And I called it just to prove to myself

You wasn't faithful

It hurt so bad can't describe the way I felt

I never thought that you would play me for a fool

But I was wrong

You said it was a big mistake and I forgave you

But I can't forget

It hurts I really hate you

Chorus

When two people fall in love (when two people fall in love)

Sometimes love just aint enough (sometimes love just aint enough)

I tried to live a life of trust

No lies no regrets

I forgive but can't forget (I forgive but can't forget)

[Verse2

David salas

Oohhoohhh
We tried it your way
But all you did was play
My fault for only listening to what my heart would say
Oohhoohhh
We had a good thing so what you have to prove
But I forgive so which one is a fool
Chorus
When two people fall in love (when two people fall in
love)
Sometimes love just aint enough (sometimes love just
aint enough)
I tried to live a life of trust
No lies no regrets
I forgive but can't forget (I forgive but can't forget)
[Verse 3] ms krazie
Forgetting is a different story
I can't let go of the past
And if it hurts I'm sorry
They say I have to let it go
Turn around don't look back now
But it's easier said than done
Pretend to smile now
I'm holding grudges I guess that's not a good thing
I feel like I got to look out for what this love brings
I just don't wanna get hurt again baby you understand
I forgive but don't forget so I won't cry again
