You said you loved me once a mothafucking time And
now every time I look
Down deep into your eyes I don't see nada No love,
no shame, what's your
Name again Me enfadas cansada de estas babosadas
Feel like walking, the
Hell out the door bags aren't necessary, It's scary
but babe you got to
Understand. I mean when been hella trying, Both you
and I against the world
Remember Yet I'm trying not to hinder. Whatever is
left, we'll hold on for
Another month. Until the night your coming home from
fucking other cunts
And I'm a take that shit like it ain't nothing.
Wouldn't that be perfect
Wouldn't it be something, If I cried every night til the
day you took my
Breath away. Literally took it, then quickly asked for me
to stay. You tell
Me baby, I'm sorry things are gunna change, And
I'm just so damn stupid
That I'll try again

[Ms Krazie/Duende Hook]

I don't want this anymore. I'm tired baby, I'm tired
of your shit. I'm
Tired of your shit too We'll make it work if only for
another day Fuck
Another day girl today What if I wanna stay I don't
want this anymore. I'm
Tired baby I'm tired of your shit Yea this shit is getting
old right We'll
Make it work if only for another day I doubt you, I
don't give a fuck about
You

[Duende]

I tried to tell you, believe me girl I feel you Cause you

non stop talking
Your shit I been thru hell too I put a lot in this
relationship but fuck
That I tried to change for you But baby you don't want
that And try to act
Like I'm the asshole I'm use to it Females, they
don't make em like they
Use to And if you say that you don't need me Believe
me it's easy to get
All of your shit And just leave me

[Krazie]

We been together for how many years now? We say
we're trying in reality we
Kill time. Cause I can see it you no longer want to stay
And to get you to
Fuck, no pues chingasos I have to pay. This shit ain't
working, I love you
And I hate you I'm tryna say what I have it just ain't
with you. A sick
Kinda love is what they say we have We might be sick in
the head cause a
Love we never had

[Ms Krazie/Duende Hook]

[Duende]

You say I'm sick in the head, I think you're sick too.
Cause when I hate
You I love you but I don't get you. Sometimes I'm
glad your gone, sometimes
I miss you. You say you're tired? I'm tired of this shit
too. It's like
Reality check it hasn't hit you, I fucking love you but I
don't want to be
With you. But at the end of the day, we're still
together And I feel like

If we ended today it's only better But at the same time
I feel like I could
Never leave you. And everytime you tell me you hate
me I don't believe you
This is a sick kinda love I know Cause even though we
hurt each other Girl
We can't get let go. And the sick part about it is were
here for one
Another to be together. Sometimes I hate her more
then I love her, And
That's what gets me. I didn't even see it like this. I
get pissed I
Couldn't even be with a bitch that's like this

[Ms Krazie/Duende Hook]
