-MS KRAZIE-

I never wanna loose the one I love baby hold me close
never
Let me go don't you ever let me go

-KNIGHTOWL-

Don't you go baby tell me that you love me that I'm the
one
You need that you been thinking of me without your
love
My life doesn't mean a damn thing be my girl take my
hand
And then put on the ring I gotta have you tell me yes I
must
Confess I never had a girl like you your the very best
you
Made a change and I don't know how to thank you but if
I ask
Would you let me baby can I spank you take my hand
and let
Me give you like some sweet kisses you and I tell me
I'm
The one your heart misses I love you baby hold me
tight
We can make it work you mean so much and your the
girl
I will never hurt

Chorus

I never wanna loose the one I love baby hold me close
never
Let me go don't you ever let me go I never wanna see
you cry
Again boy your heaven sent together till the end our
love
Will last forever

-MS KRAZIE-

I don't ever wanna let you go again cos the last time it
Happened my world came to an end I couldn't sleep I
Couldn't pull my thoughts away from you, who you with

all I
Wanted was to be with you, cos your the only man that I
have
Really loved and it took that from me to realise what we
Had but now you posted by my side once again and
this time
Babyboy every little thing makes since I made mistakes
Last time that I corrected the way you touch my body el
amor
Resurrected I wanna spend all my life with you mi vida
te
Quiero por siempre mi anelo eres tu

Chorus

I never wanna loose the one I love baby hold me close
never
Let me go don't you ever let me go I never wanna see
you cry
Again boy your heaven sent together till the end our
love
Will last forever

-KNIGHTOWL-

Time be different but the love I feel just keeps growing
You kept it real not like them other bitches fucking
hoeing
But you baby with my life I can trust you ima love you
and
Forever ima lust you I'll never doubt you and I never
need
To ask about you and all I know is that I just can't live
Without you

Chorus

I never wanna loose the one I love baby hold me close
never
Let me go don't you ever let me go I never wanna see
you cry
Again boy your heaven sent together till the end our
love
Will last forever
