Shouldn't have let you go pero fuck the tears on my
pillow I hate to realize that without u my life has turn to
evil I can't remember whens the last time that I gave a
fuck mentally has changed but we only kno wusup and
here I'm sayin actin like it never happened cause this is
the only way to keep on going without stoppin in this
rappn and in this going here and there I amount to
nothing at the end u left alone you can't believe this
shit is happenin but then again you brought it all upon
urself so u dwell a piece of hell so what's become of
your neglect'""show your cara and now u r homeboy
another victim in this transa

[Coro: x2]

Pinche vida soy parte del consumo suenos en ves de
realidad se an vuelto a humo perdida sin consciencia
abajo inframendo es lo q vivo andando si ningun
