Ooooo
you got me fucked up
ohhhhhhh
I'd drink something just to numb it
I'd get faded to be sedated going loca
trying to piece dolores in my cora

So he don't love me no more oh ok I get it
Imma get fucked up so I can quickly forget it
and get lost in la nada drinking every single jale
till my lips get numb downing el dorado rum
tonight I don't give a fuck I've forgotten all my worries
I'm about to do what I do and get some 40s
fucking with pura kawama mixing eighteen hundreds
quick with presidente faded con mi gente
pisto hasta las cuatro seis de la mañana
no quiero recordar todas las penas de mi alma
si usted no me quiere otra hyna busque
nomas no te me aguities si lo mando a que te asuste
no le busque if I'm getting all faded up
get the fuck out my face before I fuck it up
don't got time for no drama just my perras and me
and these perras looking pure in a cup from what i see
asta la madre

I'd drink something just to numb it
I'd get faded to be sedated going loca
trying to piece dolores in my cora
no me quieres you don't want me
wish I never met you I'll be getting twisted
until I can forget it
got me fucked up

my mind goes blank I can't think of anything which is
good
wish I could black the fuck out everyday if I could
tonight it's me myself and I call me a selfish little bitch
y no te invito a que te a loques con migo porque te
asustas
en esta vida ya no existen cosas justas y el dinero
manda

y yo te mando a la chingada si me da la gana
no me molestes cuando estoy arreglada
puedo ser tu vida un papelote y en la mia no metas
nada

im sick and tired of this bullshit
so imma let myself out with all this new shit
no pain in my body
sedated all my feelings
and what feelings?
i dont have any are you kidding me?
im leaving all that shit back for when i get the fuck back
and then ill see how to fix my life cause its so fucked
up
heyyy no need to be scared
things happen for a reason
and tonight it aint your lips that ill be missing
fuck that shit

I'd drink something just to numb it
I'd get faded to be sedated going loca
trying to piece dolores in my cora
no me quieres you don't want me
wish I never met you I'll be getting twisted
until I can forget it
got me fucked up

i rather stay asleep everyday if i could
and think of all the good reasons why im up to no good
i close my eyes and do what i gotta do to feel right
one two or three of meds ready to call it a night
set me way back till im staring at the ceiling
lost in a daze firme trip is what im feeling
dont wanna think about anything for the moment
so just kick the fuck back and lets relax for a moment
you're quick to blaze it i laugh cause you got no idea
cause the shit that you do is to wait pa la mia
tu no comprendes el dolor que tanto siento
y porque voy a borrar el maldito sentimiento
no love for the sick its okay i got this frasco
dies milimitros devolada voy pa vajo
and when im done i got a big o smile
cause your shit doesnt faze me atleast not for a while
chinga tu madre

I'd drink something just to numb it
I'd get faded to be sedated going loca
trying to piece dolores in my cora
no me quieres you don't want me
wish I never met you I'll be getting twisted
until I can forget it
got me fucked up
