Go ahead bitch and try me
And muthafukka if you wanna die just try me
Sancha aint afraid to bust no try me
Got the LPG ridin with my so try me

Neva eva had you knew
A bitch as bad ass me
I ride around them hustlas and them down ass "g's"
So go ahead and try me homeboy
You can buy me
I got a lot of game
N them dumb bitchez aint even know
Put it down for the streets
Always strapped with a full clip
And when I let it go
Ms sancha never misses any hits
Gotta keep it tight grip
Incuse a puto wanna trip
He'll never get away from me
Watch closely how these vatos slip
Get em all pussy whipped
Make em lick my clit
Have them chavalas
Walk around with stiff dicks n shit
So take a chance on me
C'mon n just try me
I'll be a down ass ruca
You can wine me and dine me

(Chorus x2)

Go ahead bitch and try me
And muthafukka if you wanna die just try me
Sancha aint afraid to bust no try me
Got the LPG ridin with my so try me

All about my paper chase
There's no need to hate
All the hynas couldnt do what I do
They can't take my place
Always keep it gangsta wherever I go
Only hang with new g's
So nothin less than low pro

Get a clip ese
Imma have to teach you a lesson
Well start by chin checkin
And end with a cuete
Throw your body in a ditch
Cuz you aint nothin but a trick bitch
Try to play me like a stupid hoe
I picked up on that shit
So vato just [[try me]]
Cuz there aint nothing like a punk leva
Play sancha fo neva
Too smart for that shit
So come close to me perro
This pussy has got you
You pinche culero

(Chorus x2)

Go ahead bitch and try me
And muthafukka if you wanna die just try me
Sancha aint afraid to bust no try me
Got the LPG ridin with my so try me

Now look all the bitches stay
Up on my thang
Neva catch ur ass slippin
It's you to be blame
So go ahead bitch just [[try me]]
I said go ahead trick [[try me]]
Just do what u gotta do
Cuz imma do what I gotta do
Whether it's jumpin your ass
Or just plain shootin you

Fast enough, cuz my clickas gonna prove
That your ass aint tough

(Chorus x2)
