Are you high tonight, are you feeling right,
Cos I need you now, like I never did before,
Is it hard enough, is It loud enough
Cos if you don't approve,you can use the door
Armed and ready,I gotta gunsight trained on you
I'm in overdrive,and I feel alive,
Got everything I need, and that ain't all,
Got a thing to do, I wanna do for you,
I wanna see you jump like hell when I call
Armed and ready, I gotta spotlight trained on you
Armed and ready, don't let me down tonight
Are you high tonight, are you feeling right,
Cos I need you now, like I never did before,
Is it hard enough, is It loud enough
Cos if you don't approve,you can use the door
Armed and ready,I got my gunsight trained on you
Armed and ready,don't let me down tonight
Are you high tonight, are you feelin right,
is it hard enough, is it loud enough,
Are you high!
