Shadows fallin' on my face  
Every night she takes her place  
Oh! How I wonder  
The spell she puts me under  
Only neonlight, takes the place of daylight  
How broken hearted, when day and night are parted.  
She's not responsible  
Can't fight against his will  
Under his influence No hope far innocence  
We all run and hide from the Shadow of the night [2x]  
With hopeless hands I pray  
For the safety of the day  
And if our world should depart  
Go with comfort in your heart

Shadow Shadow of the night  
Shadow of the night  
Under the cloud of darkness  
Where only money matters  
The knives are out tonight

White powder glistens But who's gonna ask for more  
When someone falls and hits the floor?

I feel the yearning of the early morning  
We all run and hide from the Shadow of the night [2x]  
With hopeless hands I pray  
For the safety of the day  
And if our world should depart  
Go with comfort in your heart

Shadow Shadow of the night  
Shadow of the night  
As I wake to meet the dawn  
Communication has begun  
Oh! How I wonder, and is it any wonder  
When the neon light

Takes the place of daylight  
Too late for miracles  
Just hope for common sense  
We all run and hide from the Shadow of the night [2x]

With hopeless hands I pray  
For the safety of the day  
And if our world should depart  
Go with comfort in your heart  
Shadow Shadow of the night Shadow of the night
