I can't put out the fire,been blinded by the flame,
I have to run for cover, can't stand the pain
Can't stand the pain
The screams are loud but then he can't hear
Nightmare shows his face, then disappears
Ooh victim of illusion, ooh victim of illusion
Gone is the free expression, but look into my eyes,
The silent world is laughing, the mirror never lies,
The mirror never lies!
The screams are loud but then he can't hear
Nightmare shows his face, then disappears
Ooh victim of illusion, ooh victim of illusion
Down, down, you gotta find a way, cos if you
Don't believe in what you're seeing now
There's nothing more to say!
I can't put out the fire, been blinded by the flame
I have to run for cover, can't stand the pain
Can't stand the pain
The screams are loud but then he can't hear
Nightmare shows his face, then disappears,
Ooh victim of illusion, ooh victim of illusion
