I'm gonna get my 32-20, my baby she ridin' around in a  
V8 Ford

Lord, I'm gonna get my 32-20, my little girl ridin'  
around in a V8 Ford

Well, you know it musta been a while ago, man,  
somebody went out my backdoor

That's the reason I carry my 32-20, that the reason I  
carries it ev'ryday

Lord, that's the reason I carry my 32-20, that's the  
reason I carries it ev'ryday

Well now, you know how she been runnin' around here,  
hmm,

I'd a-swear somebody gonna fade away

Lord, I got a lil' into trouble, down on Mr. Stovall's place  
Lord, I have got in a little trouble, way down on Mr.  
Stovall's place

Well now, you know my baby she been runnin' around  
here ridin',  
and I had to sit down and change my ways

I got a pretty little thing, livin' down by Frairs Point  
I got a pretty little thing, she's livin' down on Friars Fairs  
town

Now you know the reason I carry that 32-20, man, I  
don't want my little baby ridin' around

Play that thing boy!

Well that's why I tote my 32-20, little gal, ev'rywhere I  
go

Yeah, that's why I tote my 32-20, baby, most ev'rywhere  
I go

Well now, you know I'm tired of my baby runnin' around  
here ridin', man, down in a V8 Ford
