It's so cold up north, that a bird can hardly fly  
Well it's so cold up north, that a bird can hardly fly  
Now you know I'm goin' back down south, let this winter  
pass on by

Well I know my baby, don't know what a shape I'm in  
Yeah I know my baby, she don't know what a shape I'm  
in  
Now you know I ain't had me no lovin', people you know  
I ain't got no friend

Hmmm mmmm  
Hmmm mmmm  
Now you know I ain't had me no lovin', people you know  
ain't got no friend

Well I believe I go, further down the road  
Yeah I believe I go, further down the road  
Now you know I done stayed over here in Switzerland,  
people you know I done almost froze

Well if I could hold, hold my heart in my hand  
Yeah if I could hold, hold my heart in my hand  
You know I would show you pretty girls, just how to treat  
your man
