Corrina, Corrina, where ya been so long?  
Tell me Corrina, where ya been so long?  
I haven't had no lovin', since you been gone

I love Corrina, I tell the world I do  
Well I love Corrina, I tell the world I do  
Well I hope some day she will, come to love me too

Corrina, Corrina, where you stay last night?  
Tell me Corrina, where you stayed last night?  
You came home this mornin', the sun was shinin' bright

Bye-bye Corrina, I got to leave ya now  
Bye-bye Corrina, I got to leave ya now  
Yeah, I know you didn't mean it, no good, no how
