I went through the jungle
I met a king snake
He said excuse me Mister
I think I made a mistake
I looked at the lion
He bowed his head
I looked at the tiger
And he fell dead

Oh so evil
Evil, as anybody can be
You know I'm the hoochie coochie man
Don't nobody mess with me

I met an elephant
It was big as a house
I made him reduce
So he looked like a mouse
I met a [Incomprehensible] bear
And he was so big
I made him lose his hair
And now he needs a wig

Oh so evil
Evil, as anybody can be
I'm so darn gone evil boy
Don't nobody mess with me

I met a rattlesnake
He thought he was smart
He was double dealing [Incomprehensible] ace card
He sneaked up and bit me
Stretched out and died
So when you see me coming
You better run in high

Oh so evil
Evil, as anybody can be
You know I'm a nature born lover
Don't nobody mess with me
