I got my brand on you  
I got my brand on you  
I got my brand on you  
I got my brand on you  
There ain't nothin' you can do honey  
I got my brand on you  
Oh you may go away and leave me girl, I declare you  
can't stay  
You gonna come runnin' back to me some lonesome  
day  
I got my brand on you  
I got my brand on you  
There ain't nothin' you can do darlin'  
I got my brand on you  
(Instrumental)  
Oh I'm puttin' my brand you know baby on no certain  
part  
But whenever I kiss you I stab it in your heart  
I got my brand on you  
I got my brand on you  
There ain't nothin' you can do baby  
I got my brand on you  
Oh I got you like a fish baby, you know hangin' on my  
line  
I can reel you in, most any time  
I got my brand on you  
I got my brand on you  
There ain't nothin' you can do baby  
I got my brand on you
