Mamie, don't you hear me call your name
Oh Mamie, don't you hear me calling your name
Well Mamie I wanna see you so bad little girl
Till I don't know what to do

Mamie, won't you please shake my hand
Oh Mamie, Mamie, won't you please shake my hand
Well I love you so hard Mamie
And you know I just can't explain

Mamie, won't you come and kiss me goodbye
Oh Mamie, Mamie, why don't you come and kiss me
goodbye
Well you know I hate to see you leave me little girl
You know you gonna make me cry, [Incomprehensible]

Mamie, you got me down on my bended knees
Mamie, you got me down on my bended knees
Well little girl I hate to see you leave me, you hear me?
That's why I'm beggin' you please, please
