You know you shook me baby
You shook me all night long
You know you shook me baby
You shook me all night long

Oh, you kept on shakin' me darlin'
Oh, you messed up my happy home

You know you move me baby
Just like a hurricane
You know you move me baby
Just like a hurricane

Oh, you know you move me darling
Just like an earthquake move the land

Oh, sometimes I wonder
What's my poor wife and child gonna do
Oh, sometimes I wonder
What's my poor wife and child gonna do

Don't you leave me in this [Incomprehensible] darlin'
I'm madly in love with you

You know you shook me baby
You shook me all night long
You know you shook me baby
