I see you, you see me
I let you in, you emptied me
You took a little bit more every time you took a day
away
With nothing to lose well that's all my loser friends
Enough is enough but I'm a glutton for punishment
Enough is enough, is enough is enough, I say

Can you be more elusive?
Silence speaks out loud
I don't know how we got this far
We got this far

I hate you, you hate me
Why did you not let me be?
You took a little bit more every time you took a day
away
With nothing to lose well that's all my loser friends
Enough is enough but I'm a glutton for punishment
Enough is enough, is enough is enough, I say

Can you be more abusive?
Silence speaks out loud
I don't know how we got this far
We got this far

Can you get me to empty
I know you can do that
And you cost me plenty
I know you can do that

Can you be more elusive?
Silence speaks out loud
I don't know how we got this far
We got this far

Can you be more abusive?
Silence speaks out loud
I don't know how we got this far
We got this far
