She's a dreamer, she's a star
A local shadow in a local bar
No reflection compact mirror
Just watch her disappear
Stay and watch her disappear

When you run; avoiding the Sun
Now you're losing everyone
Bridges burned, how long can you run
Now you're losing everyone

Open doorway to the past
In a race that's always done too fast
She's a good con till there's none, lines left on the
mirror
Just watch her disappear

When you run; avoiding the Sun
Now you're losing everyone
Bridges burned, how long can you run
Now you're losing everyone
Now you're losing everyone

When you run; avoiding the Sun
Now you're losing everyone
Bridges burned, how long can you run
Now you're losing everyone

When you run; avoiding the Sun
Now you're losing everyone
Now you're losing everyone
Now you're losing everyone
