It's not easy
When you and I are stuck inside our little cage
We built it up with rage
When no one listens we had crawl our way through
All this tricky grass, we got away at last
But nothing gonna change

Let's go away, on a holiday
Join the ranks of the dear departed
Let's go away, on a holiday
Join the ranks of the dear departed
Yeah, the dear departed

Nothing's easy
When you and I are on a totally different page
Each typed it out with rage
We got our reasons we had to fight our way through
No more kissing ass, we got our way at last
And everything will change

Let's go away, on a holiday
Join the ranks of the dear departed
Let's go away, on a holiday
Join the ranks of the dear departed
Yeah, the dear departed, the dear departed

We can go away, yeah!
We can go away, yeah!
Everything will change

Let's go away, on a holiday
Join the ranks of the dear departed
Let's go away, on a holiday
Join the ranks of the dear departed

Let's go away, on a holiday
Join the ranks of the dear departed
Let's go away, on a holiday
Join the ranks of the dear departed

Come on, let's go away, on a holiday

Join the ranks of the dear departed
Let's go away, on a holiday
Join the ranks of the dear departed
