Live like the automatics
Live like the automatics

Fighting the world alone, battling mobile phones
Fighting society, never did much for me

You want it you got it
Then say that you saw it
You want it you got it
Then say that you saw it
You want it you got it
Please say that you saw it
A weirdo a weirdo a weirdo falling

Live like the automatics
Live like the automatics

Fighting society, never did much for me
Living inside the mould, watching the planets fold

You want it you got it
Then say that you saw it
You want it you got it
Then say that you saw it
You want it you got it
Please say that you saw it
A weirdo a weirdo a weirdo falling

Live like the automatics
Live like the automatics
Live like the automatics
Live like the automatics

Fighting society, never did much for me
Fighting the world alone, watching the planets fold

Live like the automatics
Live like the automatics
Live like the automatics
Live like the automatics

We look over our shoulder
And the sunlight never gets older (we're miles away)
