Oh mother Im fine, I seldom get down  
At least not for a day  
Oh mother Im fine, not for some time  
Have I been in pain  
Oh mother the time, wont wait for us now  
We can't wait in vain  
Oh mother don't cry, well try to get by  
Well try to be brave  
Got a feeling coming round  
Holding me down  
Ive got a hold of you  
So open  
Open  
Oh mother you called, your voice hangs above  
The fog in my brain  
Oh mother the time, mother the time  
Might tick for me now  
Oh mother the pain, is part of the joy  
And that is the deal  
Oh mother Im fine, Im blinking in time  
To block out the fear  
Got a feeling coming round  
Holding me down  
Ive got a hold of you  
So open  
Open  
Im feeling so alive
