I'm fighting with my conscience, I struggle with my thoughts.

I've heard you calling to me, to find out who I'm not.
All my thoughts are see through, you look into my mind.

And in my dreams I see you, surely now's the time.

(Chorus)

I can feel you. (your arms so tight around me)

I can hear your voice.

I am wondering. (I know I have a choice in this now)

You are waiting for me, just give me a few days.

My friends all try and tell me, I hear the words they say.

And even though I listen, I know I'm not okay.

My past is dark, I'm suffering, I know you see my everything.

And I don't know what else to do, but do you really want me too?

(Chorus)

I can feel you. (your arms so tight around me)

I can hear your voice.

I am wondering. (I know I have a choice in this now)

You are waiting for me, just give me a few days.

Do you want me? (are you really in this place?)

Am I worthy of you?

Do you want me? (I'm looking for your face.)

Do you want me too?

Pre-chorus

Even though I hear you, it's hard to make a sound.

But there's no need to worry, as long as you're around.

(Chorus)

I can feel you. (your arms so tight around me)

I can hear your voice.

I am wondering. (I know I have a choice in this now)

You are waiting for me. (x2)

Just give me a few days. (x2)

(Outro)
Just give me a few days.
A few days. (A few days.)x4
