I see a pretty boy.
(I see a pretty boy)
I see a pretty boy,
And he's laughing in my face.
And everyone likes him.
(everyone likes him)
But I'm not jealous
Cause he's everything I hate.
The pretty boy is having fun
The pretty boy is having fun
The pretty boy is having fun
And I'm not
He's got a real loud car
(got a real loud car)
He's never lonely
Cause he's always got a date
Don't want to be like him
(don't want to be like him)
I'd rather be a bum
That's livin' on the street
The pretty boy is having fun
The pretty boy is having fun
The pretty boy is having fun
And I'm not
The pretty boy
Always has on a nice shirt
The pretty boy
Is the kid that I want to hurt
The pretty boy
He takes from me
Everything that I need
He took my pride
He took my girl
And he's the one
That'll rule the world
The pretty boy is having fun
The pretty boy is having fun
The pretty boy is having fun
And I'm not
