Can you lie next to her
And give her your heart, your heart
As well as your body?

And can you lie next to her
And confess your love, your love
As well as your folly?

And can you kneel before the king
And say I'm clean, I'm clean?

But tell me now, where was my fault?
In loving you with my whole heart
Oh, tell me now, where was my fault?
In loving you with my whole heart

A white blank page and a swelling rage, rage
You did not think
When you sent me to the grave, to the grave
You desired my attention
But denied my affections, my affections

So tell me now, where was my fault?
In loving you with my whole heart
Oh, tell me now, where was my fault?
In loving you with my whole heart

Lead me to the truth
And I will follow you with my whole lie
Oh, lead me to the truth
And I will follow you with my whole lie
